Press Release

New Delhi, October 1, 2021

HERO MOTOCORP SELLS MORE THAN 14 LAKH (1.4 MILLION) MOTORCYCLES & SCOOTERS IN Q2 OF FY'22

DISPATCHES 530,346 UNITS IN SEPTEMBER 2021

Signaling a positive consumer sentiment ahead of the festive season, **Hero MotoCorp**, the world's largest manufacturer of motorcycles and scooters, sold **14,38,623 units** in the second quarter (July-September) of the fiscal year 2021-22.

The Company dispatched **530,346 units** of motorcycles and scooters in the month of September 2021.

The growth in volumes on a sequential basis indicates a gradual recovery in the economy. Heading into the peak festive season, the company remains optimistic about the demand over the coming months. Normal monsoon and the encouraging farm activity is likely to contribute towards positive customer sentiments. Increased pace of vaccination drives and the preference for personal mobility is also expected to lead to a swift revival in sales.

Keeping up its relentless efforts to support the government with COVID-19 relief measures, the company extended its initiatives to the government of Uttarakhand and Rajasthan by launching a unique welfare program to support the women and children of Covid-19 affected families. The company also handed over 13 ambulances with an aim to strengthen the health infrastructure in Uttarakhand.

Additionally, Hero MotoCorp presented over 70 motorcycles and scooters to the government of Haryana as part of the launch of Project 'Corona Warriors on Wheels'. These vehicles have been allocated to the health workers including doctors and medical staff for community service across the state.

During the month, Hero MotoCorp achieved another recognition from the Guinness World Record for creating the 'Largest Online Photo Album of People Planting Plants'. This is the second consecutive world record by Hero MotoCorp in quick succession after being recognized by Guinness World Records for creating the 'Largest Motorcycle Logo' in August 2021.

To honor the frontline healthcare warriors across the world, the Company announced an iconic global ride, 'Ride for Real Heroes'. Scheduled to be flagged-off on October 2, 2021, the participating riders will distribute Covid-19 safety kits to the healthcare workers including doctors and medical personnel in 100 cities and towns across the world.
